## Make every mile matter in the race against melanoma!

You may not be able to walk a mile in the shoes of someone with melanoma, but you can run, walk, bike or swim with them in mind.

Join Team Melanoma Know More (MKM) for the Flying Pig Marathon or choose your own event. Melanoma Know More will provide tools for you to accomplish your goals while supporting a good cause.

Melanoma Know More in a partnership with Miles That Matter offers a comprehensive training program with experienced trainers and coaches.

Whether you choose to train for the Flying Pig Marathon with Team MKM or you prefer to train on your own schedule —

*we'll see you at the finish line!*

**Our Mission** Melanoma Know More strives to reduce the impact of melanoma through awareness, education, support of medical research, and assistance to persons affected by melanoma.
