Thank you to the many physicians, nurse practitioners, physician assistants, medical assistants, nurses and our administrative volunteers for supporting Melanoma Know More and our mission to reduce the impact of melanoma through awareness, education, support of medical research, and assistance to persons affected by melanoma. As a result of their efforts, we had the opportunity to screen:

**7,641**  
**Patients Screened**

**310**  
**Suspected Melanoma**

**1,003**  
**Suspected Skin Cancers**

**2,516**  
**Referrals for Further Treatment**

We cannot do this without the support from the dermatology community. If you are a dermatologist and would like the opportunity to make a difference, please consider volunteering your time to screen patients at one of our monthly screening clinics. To sign up, please contact Melanoma Know More at 513.364.6653.

Thank you to our hospital partners!
