

Greater Cincinnati Community Award Recipients

BRETT COLDIRON, MD

MONA FOAD, MD

LANA LONG, MD

FOAD

COLDIRON & LONG

The Melanoma Know More Community Award is being presented to Dr. Brett Coldiron, Dr. Mona Foad and Dr. Lana Long. For years, these three doctors have had such a positive impact on patients in our community by always answering the call to support our mission. From providing financial support for Music for Melanoma; to providing auctions items; to allowing a takeover of their office to host a fashion show; to offering skin cancer screening for the SwimSafe lifeguards; to even offering up their home for the 15th Anniversary Cocktail party... they are true partners. They can always be counted on to be the first ones to volunteer to help. To the MKM staff, the Board and to the countless patients they have cared for, they are truly helping change and save lives. We are so grateful for their ongoing support!
